"Seeking knowledge is a duty upon every Muslim..."
(Sunan Ibn Majah 224)

SAFEGUARDING

Have you considered the risks your child faces in school, out of school and at home? Have you noticed any change in their behaviour? Talk to us about it – even if it seems small.

The wellbeing officer, Moulana Junaid and DSLs, Ustaadh Azmol, Moulana Shahidullah, Moulana Abir, Moulana Ibrahim, and Ustaadh Azharul are on hand to discuss any worries. **Call us or simply email!**

PICKLEBALL COMPETITION

Alhamdulillah, we have completed our first Darul Uloom pickleball competition! Pickleball is a sport that is a mix of tennis and badminton.

Dar Sulayman emerged victorious in the KS3 competition, with numerous new participants joining and also some returning players showing their impressive skills. Similarly, Dar Musa won in the KS4 competition, thanks to the experienced Year 11 students. We are delighted that everyone enjoyed the event.

IMPORTANCE OF TIME

By Mufti Abdullah Al-Ma'mun

Many relationships break due to mismanagement of time. Wasting time with friends till late at night. Wasting time on your mobile device, watching reels, chatting with others whilst your family awaits you. Many social networking sites are addictive, with people interacting with those they do not know or who do not mean as much as their immediate families. The urge to keep checking your social media, checking on DMs or remaining online waiting for feeds to appear is a disease that overtakes some.

Failure to realize that your friends come second, and rank only after your parents, spouse and children can be classed as immaturity. Not spending quality time with one's family can have the most disastrous effects within our homes.

Be self-disciplined and learn to prioritize correctly in life and you will find problems minimize or even disappear by the Help of the Almighty."

YEAR 7 SCIENCE **EXPERIMENT**

Mashallah, Year 7s conducted another science experiment on the boiling point of water. Led by Dr Khan, students learnt about safety in the lab, the properties of water and more! We hope that inshallah, students can apply this knowledge into their exams and their work in the future, inshallah.

Year 7 Science Experiment: What did we learn?

	How to Boil Water and Measure it	Safety In the Lab	A <u>bunsen burner</u> is a heater with a flame
1	Fill a <u>beaker</u> half-way with water	Wear goggles so that your eyes don't get hurt	A <u>thermometer</u> measures temperature
2	Heat the beaker with a <u>bunsen burner</u>	Make sure an adult is there to help	
3	Measure the temperature with a <u>thermometer</u>	Be careful when handling hot water

JUMMAH KHUTBAH

Last Friday, Moutasin B (Year 10) delivered a beautiful sermon in the Jumma Khutbah. Masha'Allah, he showed great confidence as a Year 7 student. Mustafa (Year 8) gave a beautiful Adhaan and Umar (Year 11) led the prayer.
